

The Bosun's Whistle

Submitted by
Bill Gard, Commodore

Security

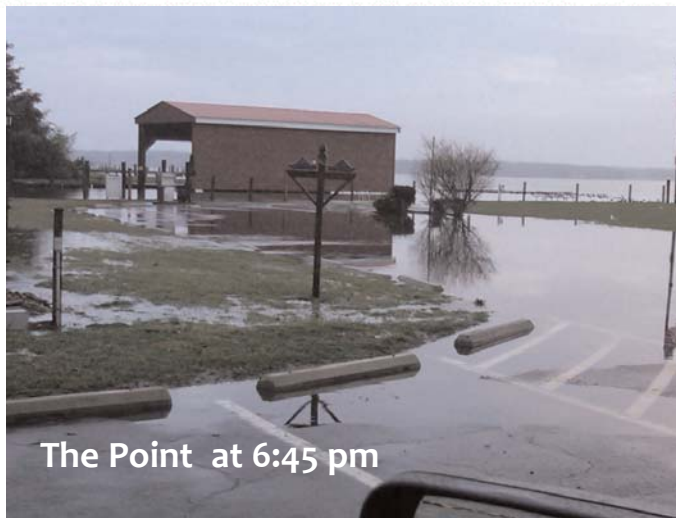

The MVYC board intends to have several security recommendations to present for budgetary approval at the next Membership Meeting on Thursday April 1, 2010, at 8:00 p.m. To prepare for these approvals the Board has reviewed several bids for perimeter fencing, vehicle and pedestrian gates, and motion-lighting. Although most of the bids required some vendor clarifications, sufficient costing information will be available for members to make decisions on April 1st. If you want to confirm your understanding of the current approach to securing the MVYC grounds, please be sure to attend that meeting. If you have concerns or suggestions regarding the plan to install a perimeter fence, gates, and motion lighting, please attend the meeting and make your wishes known.

In a related development, a meeting was held recently at MVYC with the club's attorney, Mike Zupan of Mercer Trigiani. At that meeting Mr. Zupan clarified the club's legal responsibilities regarding trespassers. I will address his clarifications and recommendations as part of my Commodore's Report at the Membership meeting.

Distinguished Volunteer

The MVYC Board has named Gene Diotalevi as the latest Distinguished Volunteer. Gene is a former board member who has continued to serve as Communications Director for the past several years.

New TV For The House? You Can Help

Submitted by Mike Holland

As someone who uses the MVYC property, I know you enjoy the grounds, the water front view and 24-hour access to the clubhouse. However, if possible, could you give me your full attention for the next 30 seconds as you read this letter? It would make me feel important and raise my self esteem!

You see, the avid sports fans of MVYC (ASFMVYC) would like to purchase new TV's, representing modern technology, throughout the house. We've already raised a good amount of moolah; but you know how it is: government budget cuts, on top of too-small budgets in the first place and the high cost of beer have combined to make it impossible for us to replace all the TV's within our current budget....unless someone steps in to help. That's where you come in.

The benefits of new TV's are priceless:

- A) You would not have to see Mike Holland on club grounds and hence not call in a Sasquatch sighting to the Fairfax Police.
- B) Russell Poe would actually take the time to fill the beer locker.
- C) Jim Gordon would use the new DVD players to teach children about the wonders of science, calculus and motivating them to learn about their world.
- D) Finally, and not to be the end all benefit, Jim Borches could help develop those junior to him in age with new and interesting TV shows such as The Colgate Comedy Hour, Kraft Television Theatre, The Jack Benny Program and You Bet Your Life!

By helping the membership and the wonderful children of MVYC, you are not just helping, but you're also investing in the long-term future of your Club. A healthy, well-advised membership is a most valuable asset and by helping to purchase new TV's - the Avid Sports Fans of MVYC desperately desire - you will be planting the seeds for future members loyal to MVYC. As if that's not enough, by contributing to the TV fund, you will receive free TV advertising while watching the new TV's (how can you say no!). Additionally, you'll be eligible for the following good stuff:

- 1) Donations over \$50 will get your name on a super nifty donor's plaque! How sweet is that!
- 2) Any extra money will go towards updating the main floor sound system - man, do we ever need it!

Would you please help? We're planning on holding the TV fundraiser thru April. By then, we're hoping to raise enough clams to cover TV's, video equipment and installation. Any amount you're willing to donate will be greatly appreciated! Please send checks to Michael Holland at 9204 Forest Haven drive Alexandria, Va 22309 or drop-off in the clubhouse mailbox (please write "TV FUND" on the envelope).

Bosun's Whistle from Page 1...

Gene is the guy who cranks out all the emails about upcoming events, sends informational communiqués (including the Commodore's Communiqués) to the membership, fields members' replies and forwards them to the appropriate director or officer. Gene helps ensure that club-wide emails are appropriate for club-wide dissemination.

Gene is a U. S. Coast Guard Branch Chief and a nautical professional who keeps the club current on any U. S. Government developments on boating initiatives. When MVYC members plan an extended cruise, Gene often spends time with them to help plan the trip, ensuring the best navigational approach for the journey.

Gene was the inspiration behind the low cost Lobster Fest cookouts held the last several years at the Point. Gene uses his briny connections to make sure we get the best price for the coveted crustaceans and keep the price of admission to the event reasonable.

Gene is a Potomac River Yacht Club Association Member at Large and is one of several MVYC members active in that organization.

Gene helps the Commissioning Day team schedule the Coast Guard Drill Team for their performance at that annual event. Finally, Gene has been instrumental in coordinating the Wounded Warrior cookouts that MVYC has held in the last few years. Gene makes sure he contacts the right folks in the military so that the soldiers get all the information they need to participate.

Please join me in thanking Gene for his service to the club.

Don't Forget...

If you haven't already done so, please remember to fill out and return the Census form that you recently received-not just because it's in the Constitution and not just because it's the patriotic thing to do, but because we all have an interest in assuring that our entire community of boaters is counted when funding allocations are being made to organizations such as the U.S. Coast Guard and NOAA.

Social Committee Report

Contributed by Amy Walker, Social Chair

Hi there folks! We had several saints marching through the club the month of February. First, thanks to the saints of the Power Fleet for throwing the Superbowl party with the New Orleans Saints winning. Then we had the saints who hosted the Mardi Gras party. Thanks to Lauren Bazel for chairing and her crew: Luanne Kirkland, Harriet Singleton, Roy and Linda Gurnham, Claudia Reinsel, Jim Borches, Troy Clayton, Anna Diefendorf, Maureen Mason, Dave Walker, Jerry and Petra Gray, Chris Bazel, and Alexi Stavropolous. They had a great time with this party and already have some ideas for next year! See Lauren's article for more details.

On March 12, we had about 35 members get into the spirit of St. Patrick's Day (Yeah! Another saint for my theme!) for the TGIF. Thanks to Joan Jones for her excellence in coordinating the special TGIF's. Without her, much of the TGIFs would not be as fun. If you happen to see this saint at the club, say "Thank you!" And watch for more on the Kids' Easter Party and Sock Burning. Upcoming events are:

April 11 - Sea and Supper: Something fishy will be going on at the club. Marine Biologist from Touch The Sea will be at club to give a 1-hour presentation with live marine animals. See eels swim through tubes, touch a live starfish or a dead shark's jaw! I am asking for \$5 per family/couple to cover a portion of the cost. The presentation will begin at 3pm with a pot luck to follow. And no... you are not required to stick to the fish theme for your pot luck dish. "Sea" you there!

May 2 - Commissioning Day: Put on your blues and whites for the club's formal opening of the boating season. Jacque Knight has been working hard on the plans. A meeting has been planned for April 22 at 7:30pm to finalize the plans. We will need a few pickup trucks and several hands for set up. If you are interested in helping out, please contact Jacque at knightpassage@aol.com or come to the meeting!

May 8 - Mother's Day Tea: hosted by Blair Beggan. Grab your best hat, best tea set and best girlfriends, and head to club for some tea with the ladies. Little girls are always welcomed too!

As always, if you would like to host a TGIF, please contact Joan Jones at 703-780-2965 or via email at NCCNL@aol.com. If you have an idea you would to share or just help out, come the next social committee meeting on April 12th, or contact Amy Walker at deewalk11@verizon.net or by phone 703-780-8904. Peace!

Mardi Gras at MVYC: The Good Times Did Roll

Submitted by Lauren Bazel

The clubhouse was transformed into the French Quarter for one night of food, drink and revelry as MVYC members and guests celebrated Mardi Gras 2010. Thanks to the amazing decorations by Roy

Gurnham we were surrounded by flickering lamp-posts and Spanish moss, all while gazing at the Riverboat Natchez as it floated above an amazing buffet of authentic fare.

We had shrimp etoufee perfectly prepared by Troy Clayton, gumbo that danced on your palette courtesy of Jim Borches, and Linda Gurnham's jambalaya that made you smile inside. No one went hungry at this buffet!

The only kind of hurricane we want to see at our marina was behind the bar that night. The fruity concoction was a bit hit, and I think it helped entice a few more folks to join in the parade. That's right. We had our first annual Mardi Gras parade, complete with marchers in festive gear and genuine parade floats. Chris Bazel captained his "krewe" in a boat decorated in the traditional purple, green, and gold. Amy Walker, Janet Fincher and Petra Gray rolled on down with a unique bride and groom float. Chris Ruckman and Diane Wilson showed up with the biggest float of the night - their car in full carnival regalia. Special kudos go to Harriet Singleton, our honorary grand marshal, who organized the parade and co-chaired the party committee.

Speaking of the party committee, other chefs and decorators who deserve a big thank you are Jerry and Petra Gray, Anna Diefendorf, LuAnn Kirkland, Janet Fincher, Dave and Amy Walker, Ron and Claudia Reinsel, and Maureen Mason. We were also lucky to have a few junior committee members help out as well. Thank you to Alex Gray, Virginia Walker and Elise Walker - we couldn't have gotten those balloons up without you!

Remember, if you found the baby in the King Cake tradition says you will have good luck all year and you are responsible for throwing next year's party so mark your calendar and start thinking of your parade float. **Laissez les bons temps rouler!**

May 2 Commissioning Day To Start Boating Season

Submitted by Jacque Knight

Time to get out your "dress casual blue and white nautical" outfits and tidy up your boats for another traditional Mount Vernon Yacht Club Commissioning Day on Sunday, May 2 at 2 p.m. The big event will be early, early this year--before the first membership meeting. So please have everything ready to celebrate the opening of the boating season and the blessing of the fleet.

Politicians, the Coast Guard Color Guard and Drill Team, the Mount Vernon Community Band, and the Mount Vernon High School Crew Team are all set to perform. After last year's rain-out and ceremony in the club house, everyone is anxious for a perfect, sunny day this year.

Volunteers who want to help out are asked to attend a final planning session on Thursday night, April 22 at 7:30 p.m. at the club house. And on May 2, we will begin setting up tents and chairs at 9 a.m. We always need extra hands in the morning to be finished and ready for guests by noon. And, we need people to stay afterwards to help us take down the tents and return chairs to the club deck. People with trucks are especially needed. We also appreciate help with serving the champagne during the ceremony.

Bring your neighbors and friends to celebrate MVYC's fun, friendly community tradition.

If you have questions, please contact Jacque Knight at 703-780-7495 (knightpassage@aol.com) or Susan Rehe at 703-721-0231.

News From Bob and Pam Beggan

By, um, Bob and Pam

Hi, we're still in Georgetown, Great Exuma Island, Bahamas. With about 300+ boats (90% are sailboats) here, it is a little like adult summer camp with activities, all sorts of activities - almost too much. We entered the Georgetown Family Regatta Around Stocking Island Race - 18.5 nautical miles, half in the harbour and half in the mile-deep ocean with reefs at the north and south channels and a few reefs in the harbour itself. There were 23 monohulls entered.

I'll put more detail on our blog, www.blueechostudios.com/ParagonsParable in the next day or so.

Anyway, we won our division and came in 3rd overall, losing to a Beneteau 50 and a Tartan 37. We have the first place burgee and a plaque to prove it. We drank the bottle of rum which came with the award!

Best wishes, Bob and Pam

Power Fleet

Contributed by Alexi Stavropoulos

We made it through a crazy snowy winter and now we are all ready for a great boating season. Boats are returning to our marina and everyone is getting anxious to get out and enjoy cruising on the Potomac. One great way to kick off the 2010 boating season is to take a brunch cruise. On April 18th Tracy Groff is hosting the brunch cruise from MVYC to National Harbor. This is a great opportunity for all our club members with their families to get on board one the boats leaving the club and head up river to National Harbor. This event is open to all and if you can't make the boat trip you can head up to the restaurant by car. See the ad in this month's beacon and make your reservations early so that Tracy can determine how many boats we will need and reserve tables at the restaurant.

And if that isn't enough partying for you, get ready for the annual Memorial Day Raftup/Spring Fling on May 29th.

Before we get too far ahead of ourselves we need to take a few minutes and make sure our boats are safe for the 2010 boating season. On April 24th Jerry Gray will host our annual boat safety inspection. We have many new boats this year at our marina and if you have never had your vessel inspected I would recommend having this done. We will have the Cost Guard Auxiliary inspecting boats and giving out stickers to those that pass. We will also have the USCG come down by boat and conduct dockside boarding as well as flares training. This is for all boats in the marina including trailer boats. See vessel safety check requirements in this month's beacon.

The week after the safety inspections is Commissioning Day. The Power and Sail Fleets will be looking for the best dressed boats and giving out awards. We hope to see many boats dressed up for this event.

For future events you can look at the events calendars and the MVYC web site for all up and coming Power Fleet events. Let's have a safe and great 2010 boating season.

Power Fleet Safety Day

Coast Guard Auxiliary Courtesy Safety Inspection

- Flea Market and Swap Meet of Marine (and other stuff!) -

When: Saturday, April 24th 2010
Inspection and Swap Meet
9 am to 1 pm

Where: On the Point

Who: All boaters, power, sail & trailer boats

Lunch: Dogs, Sodas & Beer at 12 pm

Cost: Free

If you plan to bring some items to sell at the swap meet, we ask that you bring a card table to set up your "booth".

Committee Chair for this event: Jerry Gray
Please call if you have any questions
703-739-0152.

VESSEL SAFETY CHECK (VSC)

VSC DECAL REQUIREMENTS:

- Display of Numbers
- Registration/Documentation
- Personal Floatation Devices

- Navigation Rules
- Overall Vessel Conditions

RECOMMENDED & DISCUSSION ITEMS:

- Marine Radio
- Dewatering Device & Backup
- Mounted Fire Extinguishers
- Anchor & Line for Area
- First Aid & PIW kits
- Inland Visual Distress Signals
- Capacity/Certificate of Compliance

PRYCA Report - Enrollment Soars in Safe Boating Courses

By Jacque Knight

Enrollment in safe boating education classes has almost doubled since the law passed in the General Assembly in 2008 session. In 2008, about 5,000 students were enrolled in classes on the internet and through Coast Guard auxiliary units. At the end of 2009, about 10,000 were enrolled, according to Department of Games and Inland Fisheries officials who issue cards to students who complete approved courses.

The first phase of the law, which applies to personal use watercraft (PWC) operators between the ages of 16 and 20 or younger, went into effect on July 1, 2009. On July 1, 2010, all PWC operators 35 or younger will be required to show proof of completion of a course accepted by the Virginia Department of Game and Fisheries.

PWC operators 50 and younger, and motorboat operators 20 or younger must meet requirements by July 1, 2011. After July 1, 2012, all PWC operators, regardless of age, and motorboat operators 30 or younger must have a card showing they have met boating safety education requirements in Virginia.

The phases for future enforcement dates of the boating education requirement in Virginia are as follows:

- Motorboat operators 40 years of age or younger by July 1, 2013
- Motorboat operators 45 years of age or younger by July 1, 2014
- Motorboat operators 50 years of age or younger by July 1, 2015
- All motorboat operators, regardless of age, by July 1, 2016

The boating education proof will be required on public waters of the Commonwealth. This includes the river systems (both fresh and tidal water), the Virginia portion of the Chesapeake Bay, waters up to 3 miles off the Virginia coast, the Virginia portion of any lakes shared with an adjoining state, and most of the lakes wholly located in Virginia. The law will not apply on privately owned lakes.

Operators who do not comply with the law will be subject to a \$100 civil fine or agree to take a safe boating course. Operators can also show proof of prior completion of an approved safety course.

PRYCA Float-In

Contributed by Bonnie Breneman, PRYCA Delegate

Jerry Gray, Marina Chair; Alexi Stavropoulos, Power Fleet Captain; Don Basham, PRYCA Rear Commodore; Gene Diotalevi, PRYCA MAL and I, your PRYCA delegate would like to invite all MVYC Boaters to the 2010 PRYCA Float In, July 16-18, 2010, at Port Kinsale Marina. This is your chance to visit a different marina, party, meet boaters from other clubs on the Potomac, party, play nautical games, accumulating points to assist your beloved MVYC to win back the PRYCA cup, so cruelly confiscated by Occoquan Yacht Club in 2009, party, show off your talents, party, dance, party, win prizes, did I mention party?

Meals included:

- Friday night Bar b Q
- Saturday Continental Breakfast
- Saturday Night Dinner under the Stars
- Sunday Brunch

We would like to see an all time record number of participants this year! Reservations can be made starting on April 5, and there is a limited number of slips available for this weekend party, so time is of the essence. Attached are the info flyers--calculate your costs, write your check to PRYCA and send it along with all the particulars, names of boats & captains & crew, boat size & power requirements & any other particulars to me by April 1-drop it in the Club mailbox or bring it to the membership meeting. I'll put our group together on one form and submit it to the PRYCA treasurer on April 5.

Save the Date - *SEA and SUPPER!*

Sunday April 11th, 3 pm - ?

Join us for a 1 hr. presentation from marine biologist, Andrew Wilson.

See and feel a REAL starfish, eels, puffer fish, and MORE!!

\$5 per family/couple

Pot Luck feast to follow the presentation.

Questions? Contact Amy Walker at deewalk11@verizon.net or 703-780-8904
